What We Believe about Short-Term Missions

At El Ayudante, each *short-term* team fulfills an integral part in the bigger picture of our *long-term* ministry. Teams are our work force, the energy and encouragement that helps us change lives by equipping our local Honduran community. Serving at El Ayudante is not about satisfying ourselves, just completing a task, or 'fixing the poor.' We ask our teams to come with a humble attitude of service, ready to learn and grow. Come join what God is doing in our local Honduran community.

Why Your Team Matters

You are the hands and feet of our ministry here. The mission of El Ayudante is *to grow committed followers of Christ by meeting the needs of our community* and your team is helping us achieve that mission. We can't do it without you. We're so excited to change lives and transform communities together!

Why Preparation Matters

Just as we are working hard to prepare for your team, we hope you will give your best to prepare your team for your time at El Ayudante as well. Here is why we believe preparation is so important:

1. *The quality of your experience in Honduras will greatly depend upon your preparation.*
2. *Spiritual growth in your team members begins now, not when you arrive in Honduras.*
3. *Excellence honors God and we ask our teams serving at El Ayudante to demonstrate this value too.*

Here are a few important areas of preparation we expect before your time in Honduras:

- **Regular Team Meetings** - preparing the hearts and minds of your team
- **Projects and Programs** – preparing all necessary details for your service projects in Honduras
- **Logistics** – preparing all necessary details of paperwork and travel, etc., *on time*
- **Spiritual Development** – preparing times of spiritual growth for your team while at El Ayudante

Why This Packet Matters

In the following pages, you will find valuable information about planning your trip, paperwork and releases, passports, immunizations, packing, arrival into Honduras, and more. *Please use this packet!* An El Ayudante staff member will be contacting you regularly to work through this information together as each item becomes applicable on the timeline.

Next in this packet, you will find the "Planning Timeline" which is a basic checklist to prepare for your time in Honduras. Detailed info is found after this timeline. Please honor our deadlines, and take advantage of this valuable information as you prepare for an awesome time of service and growth at El Ayudante.

We are praying for you, and are excited to serve together soon in Honduras!

*"Whatever you do, work at it with all your heart,
as working for the Lord, not for men."
Colossians 3:23*

Preparation Details

Physical Check-up

Your week at El Ayudante will be in a different environment doing physical things you may not normally do. For this reason, we suggest a medical check-up prior to coming. *If there is a medical condition you have that may affect your time in Honduras, please let EA know in advance so we can be prepared to best assist you!*

Immunizations

Immunizations are not required for travel to Honduras. However, we highly recommend them, and advise all team members to ensure they have a current tetanus shot. Contact your physician or health department for immunization recommendations. **Note – some shots are taken in a series and need multiple shots over the course of several months; plan accordingly.* Additional information about immunizations may be found from the Center for Disease Control at www.cdc.gov. (Click on “Traveler’s Health.”)

Insurance

We highly recommend preparing for the unexpected by purchasing international health and travel insurance for your team. Also be prepared with a credit card to cover a medical emergency. You may use any travel insurance you prefer. If you need a place to start, contact:

Craig Robinson - 800-576-2674 x101 / email: craig@missiontripinsurance.com

Or visit: www.missiontripinsurance.com / www.globalhealthinsurance.com

Team Meetings and Spiritual Preparation

Meeting regularly is vital for your preparation; we suggest meeting monthly to plan for each aspect of your trip. In addition, we encourage teams to spend time team-building and forming relationships with each other. Most importantly, spend time preparing the hearts of your team. Consider teaching how to have personal devotions, committing to a daily Bible reading plan together, teaching the purpose of international missions, giving a mission story/book to read, praying for each other, and more.

Educate Yourself

Do a little homework! Take some time to Google information about Honduras, the culture and history, Catholicism and Christianity here, and also about El Ayudante (eahonduras.org) to share with your team.

Donation Items & Our Current Needs List

If you or your team members would like to bring additional donations or items, there is always a need at El Ayudante and in our communities you can help provide for. Feel free to share our Needs List with your team members or your church.

For our most current Needs List, visit the “Resource Links” section of eahonduras.org

*This is a great way to involve your entire church in your trip to Honduras!

Paperwork

Team Roster & Control Sheet

Please complete our Team Roster spreadsheet so we have the information we need for your team. Please send to admin@eahonduras.org **1 month before** you come. (Don't miss the food allergy section!)

Release Forms

Each team member must complete an El Ayudante **Medical Release** form and **Release of Claim** form. Please bring these completed forms with you to Honduras and give to El Ayudante upon arrival.

**Note: the medical release requires a notary – please plan accordingly for your team.*

Passport & Visas

A valid US passport is required for travel to Honduras. Every passport must be valid for at least 6 months after your return flight date to the States. *If your travel date is less than 6 months before the expiration date of your passport, you must renew your passport before your trip, or TSA will not allow you to fly.*

US citizens are granted a 90-day visa into Honduras upon arrival in the airport. **Non-US citizens may be required to request their visa before arrival – contact the Honduran Consulate in the US for more info.**

Other Team Information

Communication

El Ayudante provides *to the team leader* a cell phone and wifi internet access to be used during the week. Phone calls to the States may be made on this phone per the team leader's discretion. One shared, public computer with internet access is also available in the mission house at El Ayudante for team use.

Emergency contact

Persons in the US that need to contact a team member in Honduras may send emails to admin@eahonduras.org or leave voicemails at 541.234.6494 (US number). Or, call this cell number in Honduras: 011-504-9762-5869. Messages will be delivered promptly to the team member.

Technology

El Ayudante requests that teams use their week in Honduras as a 'technology fast.' As our daily lives are so full of the distractions of constant communication via smart phones, email, text messages, and facebook, your week in Honduras is a great opportunity to focus more intently on relationships and spiritual growth. We do however have a public computer available for brief access to email at El Ayudante mission house.

We also encourage that teams share what is happening in Honduras with their church and family through *one* designated team "communicator." That team member will be given access to our wifi internet.

Alcohol & Tobacco

The use of tobacco or alcoholic drinks during your week of ministry with El Ayudante is **not permitted**, on or off our campus. This is an important aspect of living above reproach as a Christian ministry in Honduras.

Teams Packing List:

Luggage Reminders

- *Pack all basic necessities in a carry-on bag, as sometimes baggage is delayed or lost.*
- *Laundry service is not ordinarily available – please pack enough clothes for your entire trip.*
- *Mark your team's bags with a bright tag of some sort so it's easier to find when you arrive.*
- ***Check with your airline for current EMBARGO baggage regulations for travel to Honduras.***

- T-shirts (no inappropriate slogans please)
- Sleeveless shirts are acceptable, but modest and not torn or revealing
- Ladies - no tank tops please except for relaxing time inside the mission house

- Cash for souvenirs (US cash is accepted everywhere; small bills are preferred, *NO* torn bills or coins)
- Prescription medicine – must be in original bottle with pharmacist's label for travel

{Advise your team that if customs asks if they have prescription drugs, they are likely asking about prescription drugs to be used for ministry. If you are not a medical team, team members can answer "no."}

What NOT to Bring:

- Expensive jewelry and watches, lap-tops, or electronic games—anything of value that could be stolen, damaged or anything that might prove to be a distraction to your team or ministry. (El Ayudante does not assume liability for missing/damaged items.)

Towels, pillows, sheets, and blankets are provided by El Ayudante – no need to pack them!

Arrival into Honduras:

Arrival into the airport in Honduras, immigration, finding your luggage, and customs can be a bit stressful. Hopefully the following information can help with this part of your journey.

- In flight, each team member will complete a “Customs Declaration” form. In addition to your passport number, use the following info for this form: Location: Mision Internacional El Ayudante Address: Aldea Lo De Reina, Comayagua Phone: 9762-5869 Purpose of visit: Tourist
- **If you are missing a checked bag** – report it to the airline representative before leaving baggage claim. You should receive a phone number and information about how to retrieve your bag. Give them this cell number of El Ayudante to call: **9762-5869**.
- An El Ayudante staff member will be waiting to meet your team as you exit customs.
- Typically, after leaving the airport we will go to a restaurant for lunch before driving to El Ayudante. From the San Pedro Sula airport, the drive is about 3½ hours, from Tegucigalpa, about 1½ hours. If you are prone to carsickness we suggest you bring Dramamine for the drive.
- **Change of flight:** if your flight has been delayed or changed please try your best to contact us. You can send an email to admin@eahonduras.org, call our Honduran cell at 011-504-9762-5869 or call (541) 234-6494 and leave a voicemail.

(El Ayudante is not responsible for additional transportation or hotel expenses due to airline problems.)

Teaching Your Team - What to Expect in Honduras

Honduran Culture

- Please avoid flirting of any kind and withhold displays of romantic affection— including within your own team (with the exception of spouses).
- Please ignore any stares, whistles, or comments from Hondurans.
- No pierced body jewelry other than earrings should be visible. Men should not wear earrings.
- Hondurans are extremely gracious and giving – be cautious to not unintentionally suggest you would like something as they will quickly sacrifice and give you whatever they think you want.
- Hondurans are extremely relational – slow down and take the time to talk, ***it's more important than your agenda or task.***

“We put no stumbling block in anyone's path, so that our ministry will not be discredited.” 2 Cor. 6:3

Regardless of your stance on non-Christian music, movie choices, alcohol & tobacco, etc...due to the cultural differences between the Honduran Christian church and our US churches, we err on the side of caution. Please be aware of what you say or advertise, and we ask that you refrain from alcohol, tobacco, and non-Christian music so we will avoid any chance of offending the Christian community in Honduras.

Weather

Honduras has a tropical climate, and many days will be hot and humid. However, the evenings may cool off or we may have a rain-storm, so a light jacket or sweatshirt may be useful.

Do's & Don'ts in Honduras

- Don't take photos of military or police unless you're told it's ok
- Don't make promises to locals about how you plan to help them
- Don't invite locals to eat with the team without permission from your El Ayudante team leader
- Don't go anywhere alone or without your team leader's & El Ayudante staff permission
- Don't make fun of or put down Honduras, the government, or the people – you are their guest.
- Don't criticize something in Honduras, or talk about how 'great the US is' in comparison.

- DO eat all of your food, and don't waste water – you are in a country that uses everything!
- DO come with an open mind about how things work in Honduras, you might learn something!
- DO take time to talk to people instead of just focusing on finishing a task

Your Stay at the EA Mission House

Water: Honduras is a country that often has a limited supply of water; be respectful by not wasting water! Please *limit your showers* to 1 shower a day, and limit the time of your shower to a reasonable time.

Drinking Water: *Do not drink the tap water!* El Ayudante will always have jugs of water available for you to refill your water bottle. Use this water for drinking AND brushing teeth. Be sure to stay hydrated; you will be active and hot and sweating. Dehydration can come quickly, so prevent it by drinking lots of water!

Meals: Most of your meals will be served at El Ayudante by our amazing cook and will be a combination of Honduran and North American food. Peanut butter & jelly sandwiches are always available as needed.

Kitchen Duty: We ask all teams to help do their own dishes – there will be a sign-up sheet for dish duty.

Housing: The mission house has 2 large dorm rooms – men's and women's, each with bathrooms attached. Both dorm rooms have bunk beds; linens, pillows, and towels are provided. Each dorm also has several fans, but you may choose to bring your own. *Our mission house is not air-conditioned.* Earplugs may benefit you as well if you are bothered by your teammates snoring talents.

Snacks: El Ayudante has candy bars and sodas for sale in the Mission House for your snacking pleasure.

Security: El Ayudante is very safe and we have never had security problems. We have a 24-hour armed guard as a precautionary measure. We also have a locked safe for passports, cash, etc. to be stored.

Gifts: *Gifts, tips, money, food, etc. to Hondurans must be approved by your El Ayudante team leader.* (This includes EA support staff, pastors, community members, and adorable little Honduran kids.) This is not because we are stingy; we never want to withhold a blessing from someone. HOWEVER, El Ayudante is a ministry striving to create lasting relationships and not be known for giving out unlimited hand-outs. We know the people and culture, and sometimes helping can hurt; let us help discern this.

Here to Serve: While we hope you have come to serve Honduras and our Savior, El Ayudante is also here to serve you. If we can serve, help, or assist you in something, please just ask.
